

Lumbo-sacral Corset

Care and Use Instructions

1. The tag goes on the top and in the back.
2. When putting on (donning) the orthosis, always loosen all the straps to maximum loose-ness.
3. To be sure that the corset is oriented properly. The lowest part of the front is just at or above your pubic bone.
4. When snapping the corset, start at the bottom and move up.
5. After the corset is completely closed, pull the side straps to adjust
6. It is recommended to wear some type of undergarment to protect the corset from soiling.
7. The corset can be washed by hand or machine using a mild soap. If you machine wash, please remove the stays making special attention to how they are oriented.
8. The amount of time you will wear the corset will be determined by your physician, and it is usually contingent upon your diagnosis.
9. You will decide how tight to wear the corset after you wear the corset a while. Just remember the corset needs to be snug to work best.
10. Be aware that some of the pinching of the corset is to remind you that you might be doing a motion or you are in a position that is not good for your back.
11. If you have any questions or problems please do not hesitate to call Morgantown O & P Center at 1 (800) 598-6672.
